Re: Safety as Top Priority in East Harris County

Dear Mr. Miller,

I am a resident of East Harris County and would like to voice my opinion about the San Jacinto River Waste Pits. After years of delays, it beyond time you and your colleagues make the correct and final decision to remediate the waste pits. This is why you must hold the companies responsible and place a permanent cap on site. This method is supported by the Army Corps of Engineers, and is the safest and most rapid remediation choice.

SINCERELY,

(b) (6)
